

September 2017

Declaration of conventional seed supply

The seeds that we sell of the following crops:

- Carrot
- Courgette
- Dwarf Bean
- Leek
- Lettuce
- Onion
- Pea
- Salad Onion
- Spinach

1. Have been developed according to conventional breeding methods without the use of genetic modification leading to genetically modified organisms as defined in the Directive 2001/18/EC on the deliberate release into the environment of genetically modified organisms.
2. Have been produced in a natural environment taking appropriate precautions to minimise the adventitious presence of impurities, including genetically modified impurities.
